

NNH

3-Country NNH Symposium   

PROGRAM

3-Länder-NNH-Symposium Current aspects of rhinology - successes and perspectives

Saturday, November 9, 2024

Cardinal Wendel House, Munich

Scientific management
Professor Andreas Leunig

SAVE THE DATE

WELCOME

Dear colleagues,

I would like to cordially invite you to the DACH Symposium - Current Aspects in Rhinology - in Munich. The event will once again take place at the Kardinal-Wendel Haus (Mandlstraße 23 in 80802 Munich).

The program was designed on the basis of the evaluation of the participants of the 2022 symposium and in close consultation with the speakers.

In addition to exciting topics on radiological diagnostics, conservative and surgical therapy of rhinologic diseases, the focus will be on non-eosinophil dominated CRS.

In addition, two roundtable discussions - and you too! - will discuss useful and practical aspects of the helpful and often ground-breaking anamnesis using selected case demonstrations. Finally, an outlook on the exciting field of rhino-neurosurgery will conclude this very intensive training day.

This will bring you up to date with the latest knowledge ("state of the art") and give you new ideas based on the presentations and interesting cases.

The aim of the 3-country NNH symposium is to provide practical and critical information for everyday clinical practice for the benefit of our patients.

I am delighted that we have once again succeeded in bringing these outstanding international and national speakers to Munich for the DACH Symposium 2024.

We would be delighted if you would be interested and come to Munich! Yours

Andreas Leunig

PROGRAM: SATURDAY, NOVEMBER 9, 2024

08.15 - 08.30

Welcome: Rhinology

A. Leunig

Rhinology: successes & prospects

Diagnostics / Imaging / Innovation Moderation:

D. Simmen / A. Leunig

08.30 - 08.45

Imaging: Update and perspectives

B. Schuknecht

08.50 - 09.05

Trigeminal nerve in the nose - What ENTs should know

B. Landis

09.10 - 09.25

Allergic rhinitis: Update

V. Tomazic

09.30 - 09.45

Navigation, Robotics, SAS, drug eluting stents, ...

M. Caversaccio

09.50 - 10.05

How will AI support practices and clinics?

S. Amirparian

10.10 - 10.25

Refreshment break

Conservative / Surgical Therapy Moderation:

A. Leunig / HR. Briner

10.30 - 10.45

FESS & skull base: Navigation through anatomy

D. Simmen

10.50 - 11.05

FESS & CRS: how much surgery is enough?

A. Leunig

11.10 - 11.25

Rhonchopathy and nasal surgery: when and how?

D. Hinder

11.30 - 11.50

FESS & frontal sinus: Draf 3 - reboot or biologicals

HR. Briner

11.55 - 12.10

FESS & complications from the consultant's perspective

V. Bonkowsky

12.15 - 12.30

The future of rhinology: Questions for D. Simmen

HR. Briner / A. Leunig

12.30 - 13.00

Discussion

PROGRAM: SATURDAY, NOVEMBER 9, 2024

13.00 - 14.	00Bavarian snack
	Moderation: A. Leunig / M. Caversaccio
14.00 - 15.00	Roundtable with video clips: Experience with "Biologicals" and "Tips & tricks for anamnesis and post-op treatment" HR. Briner, V. Tomazic, A. Leunig, C. Betz, B. Landis, D. Simmen 1 case each (5 min.)
	Moderation: V. Tomazic / HR. Briner
15.00 - 16.	00Roundtable with video clips: Rhinology - "my most instructive case" B. Schuknecht, M. Caversaccio, V. Bonkowsky, D. Hinder, B. Landis 1 case each (5 min.)
	Moderation: A. Leunig / D. Simmen
16.00 - 16.30	Rhino-neurosurgery: When alone and when together Ch. Betz and J. Lehmberg
16.30 - 17.00	Discussion, summary, evaluation Adoption and invitation for 2026 A. Leunig

MODERATORS AND REFEREES

Guest of honor	Prof. Dr. med. Daniel Simmen (Switzerland)
Moderators and speakers	Dr. Shahin Amiriparian, Augsburg Prof. Dr. med. Christian Betz, Hamburg Prof. Dr. med. Viktor Bonkowsky, Nuremberg Clinical lecturer Dr. med. Hansruedi Briner, Zurich (Switzerland) Prof. Dr. med. Marco Caversaccio, Bern (Switzerland) Dr. med. Dominik Hinder, Zurich (Switzerland) Prof. Dr. med. Basil Landis, Geneva (Switzerland) Prof. Dr. med. Jens Lehmberg, Munich Prof. Dr. med. Andreas Leunig, Munich Prof. Dr. med. Bernhard Schuknecht, Zurich (Switzerland) Prof. Dr. med. Valentino Tomazic (Austria)
